Dear Ms. Rutson:

The above referenced abandonments have been processed for review by the Section of Environmental Analysis (SEA). Environmental Assessments have been or will be served soon on these lines. A Section 106 condition has been or may be recommended by SEA on all of these lines based on responses received by the ND SHPO as of the dates of submission of the Environmental Reports in the referenced dockets. Since submission of those reports, however, BNSF has further consulted with the ND SHPO.

Enclosed for your review is a copy of a letter dated May 12, 2004, from the State Historical Society of North Dakota making a recommendation of "No Historic Properties Affected" for these lines.

Accordingly, BNSF suggests that the Section 106 condition of the National Historic Preservation Act, 16 U.S.C. 470f, need not be imposed on all of the above referenced abandonments based on the latest correspondence from the ND SHPO.

If you have any questions, please contact me at (202) 347-8667 or Sidney.Strickland@BNSF.com.

Sincerely,

*Sidney L. Strickland, Jr.*

ND SHPO REF.: 04-0221C, -0222C, -0287C, and -0288C, Report Review,  
Four Proposed BN&SF Railway Co. Abandonments in Grand Forks, Barnes,  
Griggs, Bottineau, and Mercer Counties, ND.

Dear Ms. Reinert:

We have reviewed: *Burlington Northern Santa Fe Railway Company Abandonment at Four Locations in North Dakota, Class I and Class II Cultural Resources Inventories* (review draft version) by Cynthia Kordecki, UND, Department of Anthropology, Anthropology Research, April 2004, and have no comments on this report.

The ND SHPO seldom concurs with, or makes recommendations for, a determination prior to receiving all (if any) cultural resource forms and a final report. However, the draft version of this document is well written and contains enough information for us to make a recommend to the Surface Transportation Board. Provided that the projects are of the nature specified and take place in the legal descriptions outlined in the report and correspondence, we would concur with a "No Historic Properties Affected" determination for these four proposed abandonments. We look forward to receiving the site forms for the three bridges and historical site, and the final report for this undertaking.

Thank you for the opportunity to review this project. Please include the ND SHPO Reference number listed above in any further correspondence for this specific project. If you have any questions please contact Duane Kliner at (701) 328-3576.

Sincerely,

Merlan E. Paaverud, Jr.
